

PRODUCT UPDATE: DISCONTINUED AND NEW ACCESSORIES

WeatherTex is continually striving to provide our customers with the best timber cladding, weatherboard and panel solutions on the market.

We regularly review our products to improve our timber products and installation systems and design new, better innovative solutions to installing WeatherTex. As part of our recent developments we are making the following changes:

- 1. Black PVC deep channel joiner – Discontinued**
Replaced by the Aluminium deep channel joiner
- 2. Small Aluminium End Stop – Discontinued**
Replaced by the small aluminium window surround/end stop
- 3. Large Aluminium End Stop – Discontinued**
Replaced by the large aluminium window surround/end stop
- 4. Metal window corner – Discontinued**
Replaced by the small and large aluminium window surround/end stops
- 5. Wrap Shield discontinued**
In the process of sourcing a suitable alternative product

PLEASE SEE OVERLEAF FOR NEW ACCESSORIES

For available stock on discontinued items, samples of new accessories or further questions, please contact our Customer Service Team on 1800 040 080.

WHAT'S NEW.
