

15th June 2020

**PRICE INCREASE POSTPONEMENT
EXTENDED UNTIL 1ST OCTOBER 2020**

As we all navigate our way through the changes brought about by COVID-19, I would like to confirm our commitment to all our loyal and very supportive customers.

During these difficult times within our country and hence our industry WeatherTex has continued to operate at full capacity. As an Australian family owned manufacturing business we would like to thank all our customers in Australia and around the world for your support.

In March we announced a price hold guarantee with no price increase before 1st July 2020. As part of our continuing commitment within our community and our industry, we would like to advise that WeatherTex will extend **this price hold guarantee until and not before 1st October 2020.**

We see this price extension as our way to thank all our customers and, at the same time, enable you to work with added certainty as we all recover from the COVID-19 period.

On behalf of the entire WeatherTex family, thanks again for everyone's support. As the country starts the recovery from the effects of COVID-19, we look forward to continuing to provide the industry with our sustainable timber cladding solutions in Australia and around the world.

Jason O'Hagan

Managing Director
